Chris Scully
If by "free trade" you're talking about globalism, it doesn't. NAFTA was violent.

Ron Wordwelder
The violence comes from state @adamkoskesh's point. Without the state, plutocrats can be taken down by competition

that's crazy. Without the state how would private property of corporations be protected? Private armies?

We have de facto private armies NOW. the ultra rich control the state, thus its armies

Israel violates Gaza's 72 hour ceasefire in less than 72 minutes - dailymail.co.uk/news/article-2... #Gaza #GazaUnderAttack

PISSED_OFF_PATRIOT
Sad to see the Jerusalem Post team NOT supporting Israel. Get some respect.

Robert C. Laity
Gazans are the aggressors. Israel has the right to defend itself

Paddy Popodopolis
Blindly supporting anyone no matter what they do is retarded

Abby Phan
figures

Dr David Jack
Gazans also have the right to defend themselves over the years of suppression by Israel occupation

Caleb Dusdal
you sure it was Israel that broke it? Really sure?

Robert C. Laity
Gazans deserve nothing. They are the aggressors. Israel has demonstrated GREAT restraint. Gaza should be nuked

Dr David Jack
typical immature response. No human beings should be treated the way Israel has treated Palestinians. Genocide

Zubalak
They never took their troops out from searching 4 tunnels,they knew exactly what they were doing

Lior homem
Do you have proof that it was Israel that violated the ceasefire?

Fox News follows discussion of militarized police in Ferguson with promo for militarized police. Just a coincidence.

Parti Réel
Was Joan Rivers assassinated for her gay obama comment?

James Morris
That's a crass, insensitive and stupid comment show her friends and family some respect

Parti Réel
trying to solve a crime is respectful this was not due to natural causes, someone is at fault

James Morris
So why precisely do you believe that someone must be at fault for Joan Rivers' death?

Parti Réel
medical interventions make for the perfect soft kill with plausible deniability

Parti Réel
and that's what happened, she went in for minor surgery and didn't survive

Parti Réel
we will never know but her words were harsh and reprisal isn't an impossibility

Another femin st who thinks white women cannot be raped.

Because your race institutionally controls everything and benefits from the struggles of PoC and WoC you can not be the victim of the institution of rape which your race has created. Rape is a power institution. Rape can only occur when an oppressed individual (Women of Colour inclusively) is sexually violated by a individual of power. White men, because of your institutional privilege in society and throughout history, you have *immense* power, influence and privilege. **YOU CAN NEVER BE RAPE BECAUSE OF THIS.** You can be sexually violated, but not raped. *Get it right* if you want to be true allies in ending white supremacy and white privilege.

Criminal behavior increases the chances of violent confrontations with cops

Alex Jones

"RACIST" FACT: Despite making up just 13% of the population, blacks commit around half of homicides in the United States

"RACIST" FACT: Blacks commit eight times more crimes against whites than vice-versa

"RACIST" FACT: Between 1999 and 2011, 2,151 WHITES died as a result of being shot by police compared to 1,130 BLACKS

"RACIST" FACT: In 2013, black criminals carried out 38% of murders, compared to 31.1% for whites, despite the fact that there are five times more white people in the US

Black people in the United States are more likely to be victims of violent confrontations with police officers than whites because they commit more violent crimes than whites per capita

Police brutality targeting blacks will not subside until this becomes part of the national conversation

Willian
So 2000 whites dying by cops compared to 1000 blacks dying by cops is supposed to prove what exactly?

Willian
You do realize that the ratio from whites to blacks is quite considerably large so that statistics proves

Willian
That blacks get it worse than whites do when concerning police brutality

2

Larry Moore
so you & decide 2 post a bunch of disproportionate stats 2 prove point? Thought yall were better than that

1

Patriot Dame
Taxpayers are sick of living hand to mouth because of state & federal extortion and Barry calling US "racists"

theLawIsLawless*CA
This is where racists get their "statistics" from? Shame on you

2 2

Ryan
Well considering the disproportionate amount of black people who commit crimes per capita.

Willian
And considering the poor backgrounds many black people have, stats don't tell the full story

Willian
Which was the oppression which caused all this in the first place

Paul Joseph Watson
All the sources for the facts can be found here

Ryan
But the Irish were slaves as well just as long as blacks(if not longer).

Willian
But how much of the Irish made up for all the white people in general?

Ryan
That wasnt my point I'm just saying it seems paternally racist to excuse blacks of crimes, mo

1

Larry Moore
so now you're using stats from the same orgs that you/we are all suspicious of (DOJ, FBI)? See what I mean

Paul Joseph Watson
address this argument in my video. Watch the whole video. Thanks.

Willian
I'm not excusing them all I'm just saying the system is racist when it comes to police brutality

Willian
They are more likely to get off the hook with it when they kill a black person

Paul Joseph Watson
address this in the video. Please watch the whole video. Thanks

Willian
Because most blacks are portrayed as criminals it's easier to fill the report out

Protein World hits New York in a massive 'fuck you' to feminists. Will they threaten a terror attack like last time?

0

Keen Gaze
Maybe they deface it with a drone if they figure out how to use it before calling it "patriarchally oppressive"

Evan
Just had to fend off about 50 feminists for these comments. You tell me was I out of bounds?

2

Eleanor
Well yes asking him why I get you the answer you desire So much for apologising and understanding

1

Evan
I already got the feminist perspective now I'm ready to entertain some other perspectives. I'm sorry for the rudeness

Evan
not for the opinion

1

Eleanor
So you say women are lying about experiences, women tell you that's bullshit & now you're asking a man for validation?

1

Evan
Never said women are lying My original point was a disconnect between the reality and the picture painted by the media

1

Eleanor
whatever you're still asking a man whether women should take offence

1

Evan
Many feminists (yourself maybe?) are wonderful & kind humans.But a lot are also bitter and spiteful want a reality check.

Kelluiz
How disappointing. This is not about you Evan it is not about individuals. It is about structures

1

Evan
Do you not own the fact that many feminists aren't truly driven by equality?

1

Kelluiz
Many?

Evan
It's hard to know Many of the most outspoken feminists and many that I encounter online But it's possible that's not a fair sample

1

Evan
*not^

Kelluiz
I'm not interested in arguing You don't want to learn You look through a very narrow perspective People you encounter

1

Evan
Men need to be very skeptical of feminists Too many rape hoaxes and other shady behavior like these threats to let your guard down

3

Kelluiz
Evidence of your claims? Do you have any statistics peer reviewed studies etc? Consider where you get your information from

2

Kelluiz
Perhaps look into your claim and compare it to the threat of violence women face from men particularly domestic violence

2

Evan
Not specifically But I'd recommend the same caution for women when dealing with men A lot of us are jerks, and some are predators

Black Civil Rights Icon: The Problem is Blacks Killing Other Blacks, Not the Confederate Flag

John Gerard
Who knew?

Joshua Lovsey
Liberal Logic He is definitely an Uncle Tom, closet bigot

CJ Cox
He's not an Uncle Tom. He's just selfish. He doesn't care about white men molesting children

Ioannis Bened
I'm sure they will uninvite him from any gatherings

Michael Watson
nope because it's tuesday and tuesday's your transracial day &we all know minorities cant be racist ,

CJ Cox
Whites should uninvited him from all gatherings. Considering he only cares about blacks & not whites.

D
in Chicago, St. Louis, Cleveland, New York Camden & Baltimore it's called thriving the democratic base

NuruUnchained
Idiots guess u cant see just how egregiously BENEATH you and all thinking folks it is, to go to Fox for help

Harris

CJ Cox
Paul, before we deal with violence within the black community we must deal with perversity within the white one

Dodi Ibc
who do u really work for???

MJ Dunstan
THINK BLACK OBAMA SUPPORTERS R SMART ENOUGH TO FIGURE THAT OUT. WE HAVE A VIOLENCE PROBLEM IN THIS COUNTRY NOT A "GUN" PROBLEM

Tony Manshino
> blacks kill black bc thats who the r around Most whites that kills, mostly kills white. Only cops kill evry1

tz
But fixing intraracial crime is hard saying nasty things about the flag is easy and makes them feel good for doing something

Black Lives Matter agitators vs black civil rights icon who marched side by side with MLK. Who should we listen to?

Daniel Sandoval
The one that marched with MLK!

We shouldn't listen to either. We should listen to the fact that 95% of crimes against children are committed by white people

"Liberals" lie so much, so dramatically, that one can only gaze in impressed admiration and astonishment.

Gabriel Alan King
"Liberals" are actually PROUD of their lies. As if it were some twisted sacrament before the Golden calf of "social justice"

S M Sigerson
For decades it's suited that someone near MLK was a model Andy Young has been offered as a possibility. Now I believe it.

Ourselves. The voice of our own reasoning.

shaynalamour
It is NOT just that. It is that top pp have indoctrinated AA youth into drugs, gangs, violence and no real hope

shaynalamour
AA youth have been discouraged from education, which can make them equal in society

shaynalamour
Someone was even on twitter telling AA ppl that being in prison is freedom. Ppl have done a number on AA pp

shaynalamour
Ppl love witch hunts instead of actually accomplishing something positive

shaynalamour
AA youth should be encouraged to value education like white youth. Then you will have equality

just as some men abuse women I won t say al men abuse women. Same for feminism. Many vo ces

tro
and you don't find an issue with that with n a movement?

- feminists bullying and insulting people for not being feminists
- the improper use terms such as misogyny and oppression therefore making the struggles of women who actually face patriarchies and rape cultures
- the spreading of myths and lies the wage gap 1 in 3 women are raped etc
- "but sexist/racist/homophobic transphobic feminists are not REAL feminists!!!"
- focusing on useless fe minist problems like the anti manspreading or the "han bossy" campaign
- victimization of women
- ignoring the reasons why women disagree with feminism so bringing on a biased non intersectional feminism that only helps why agrees with you.

NOT reasons why women are anti-feminism

- we are against equality
- you don't know what feminism is

EPIC RANT: 'Black Lives Only Matter When a White Person is Killing Us'

Black Lives Matter

Wisdom 4 U

only 2% of that is within age 16-30. That means 2% of our population is conducting MORE crime than EVERY other group. In 2005, the New Century Foundation's "Color of Crime" report found that "Blacks commit more violent crime against whites than against blacks. Forty five percent of their victims are white, 43 percent are black, and 10 percent are Hispanic. When whites commit violent crime, only three percent of their victims are black."

Also in 2005, the Department of Justice reported that one-third of rapes committed against white women (approximately 37,000) were perpetrated by blacks, while less than ten — statistically zero — rapes of black women were committed by whites.

* Fact: blacks kill 7 times more than whites kill

Bryce Williams sounds like half of the people on Tumblr.

In a complaint made to the Roanoke TV station in 2012, Williams suggested that Parker's use of the term "out into the field" was a reference to black slavery

"We would say stuff like, 'The reporter's out in the field.' And he would look at us and say, 'What are you saying, cotton fields? That's racist.'" said WDBJ colleagues Trevor Fair

When a manager brought in a watermelon to share with employees, Williams also took it as a racist insult

"Of course, he thought that was racist. He was like, 'You're doing that because of me.' No, the general manager brought in watermelon for the entire news team. He's like, 'Nope, this is out for me. You guys are calling me out because I'm black.'"

According to Williams, 7-Eleven was also part of the racist conspiracy because it sold watermelon-flavored Slurpees.

"It's not a coincidence, they're racist," Williams allegedly told Fair

Video: "Safe Space" Students Silence Asian Woman For Saying "Black People Can Be Racist"

NPLCenter
Diversity is a code word for SAY IT PAUL

Guatón Dave
My second ex wife, a Latina, always said that blacks were the most racist.

marco salazar
she was dumb we all know black people are perfect in any way imaginable

That White Cat
I just loled so loud ahahaha

Cassandra
"we're losing sight of the movement! This is about hating on white people!"

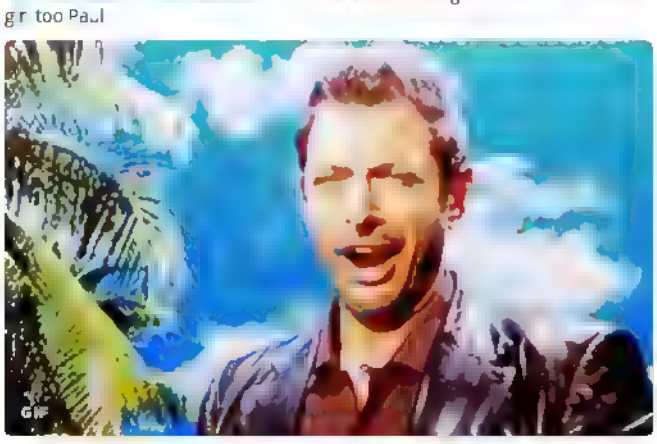
DabrickshawBuckshank
As a black man I've found black people to be more racist. They think they are owed something. Mostly kids

Jack Jason
Oh that's like the ultimate insult in their circles. She'll be lucky to get out of there alive

FIRE THEM ALL- 2016
If any of my grandkids behave like this I will disown them PERIOD

Bill Elgin
I agree Today in America you go to school to fight the system, and I batards want everybody to go 2 college

Bill Houck
It's my experience that blacks are more racist than whites, I've traveled the entire country n found it true



Sunny
only in west. watch How Muslim Treat Blacks in Saudi Arabia

Lay Low Brown
a bunch of fools being used as tools to once n for all destroy everything America represented Sad war ahead

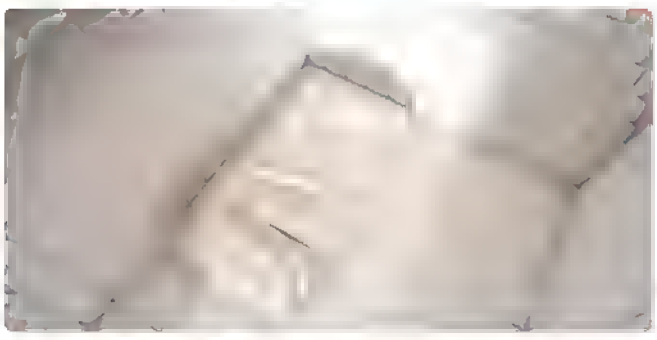
James Anderson
Good for her She's got more guts than all of them put together

FC
I hope Fortune 500 companies r watching the future leaders and workers I see lots of HR issue & legal problems.

taffy
You could learn a thing or two from the asian girl too Paul

Folarin S
If the headline read 'Students Debate Race During Racial Protest' that wouldn't come across as a smear campaign

Folarin S
This is not good, but the attempt to portray "Safe Space" as a kind of ideological dictatorship is pathetic



Folarin S
But hey you've found your new bogeyman As if there wasn't a bigger issue at stake

Weeks after Saudi Arabia becomes Twitter's 2nd biggest shareholder, Twitter cracks down on criticism of Islam.

What products or services are subject to this policy?

This policy applies, but is not limited, to:

- Hate speech or *advocacy against an individual, organization or protected group* based on race, ethnicity, national origin, color, religion, disability, age, sex, sexual orientation, gender identity, veteran status or other protected status

ACM: Note that this prohibition expressly goes beyond "hate speech" (which itself is an absurdly subjective term), additionally banning "advocacy against" people or groups based on, among other things, "religion" (as well as "other protected status" – who knows what that means?)

In essence, it is not different from Resolution 16/18's prohibition of speech that could "incite" mere "hostility" to religion – i.e., anything that could cast Islam in a bad light, regardless of whether it is truthful. If they try to tell you this is just about banning insulting cartoons and patently derogatory statements, don't buy it. This is about permitting only speech that conforms to the government's official, smiley-face version of Islam.

The only way to end racism is for white people not to have children

Antifa Squad

Racism and Whiteness are the same thing. In order to end racism, we must end Whiteness. That's the only solution. If you're White, do the right thing and have non-White children. Also, make sure other Whites who date Whites are aware that they are racists perpetuating racism. Once there are few enough Whites in a couple of generations, the non-Whites will surely be able to capitalize on the opportunity to end racism for good. This is why us Whites are better off not having White offspring. That is the only way we can reduce our inherent racism to a forgivable level. We must end racism, not participate in it

Critical Theory and cultural Marxism the foundation of social justice warrior nihilism

mission to destroy society and culture using the Marxist dialectic critical theory

Critical theory was exactly the material we were taught at Tulane. It was, quite literally, a theory of criticizing everyone and everything everywhere. It was an attempt to tear down the social fabric by using all the social sciences (sociology, psychology, economics, political science, etc.), it was an infinite and unending criticism of the status quo, adolescent rebellion against all established social rules and norms.

Critical theory, says Horkheimer, is "suspicious of the very categories of better, useful, appropriate, productive, and valuable, as those are understood in the present order."[8] So if you liked ice cream better than cake, or thought a hammer might be more useful than a screwdriver in a particular situation, you were speaking on behalf of the status quo. The real idea behind all of this was to make society totally unworkable by making everything basically meaningless. Critical theory does not create, it only destroys, as

Media blames Hillary's campa gn for dism ssing health concerns as "conspiracy theories" The MSM said the same.

C nton s campaign appears to have at best, withheld nformation from the pub ic and — at worst — m s ed them by aggress vely batting down "consp racy theories" that her co ghing fit was anything more than a lergies Opponents are a ready see ng the nc dent as proof of the r c a ms that C nton has been hid ng health issues And others may now be more incredulous of the campaign's statements on her health

Th s is why no one trusts the med a

That t me when ISIS announced its plan to recru t social justice warriors because they broadly share the same goals

European Muslims allying with Left-wing Activists:

A growing population of left-winged activists (people who are against; human/animal abuses, Zionism, and Austerity measures etc) look upto the Muslims as a force who are strong enough to fight against the injustices of the world. It seems from the article below that many of these people (who are sometimes part of Anonymous and Anarchy movements) will ally with the Muslims to fight against the neo-Nazis' and rich politicians. They will give intelligence, share weapons and do undercover work for the Muslims to pave the way for the conquest of Rome.

How will this happen?

If you have ever been **at a pro-Palestine / anti-Israel protest**, you will see many activists who are not even Muslims who are supportive of what Muslims are calling for (the fall of Zionism). **It is most likely here that connections between Muslims and Left-wing activists will be made**, and a portion from them will realise that protests are not effective, and that armed combat is the alternative. So they will start to work together in small cells of groups to fight and sabotage against the 'financial elite'

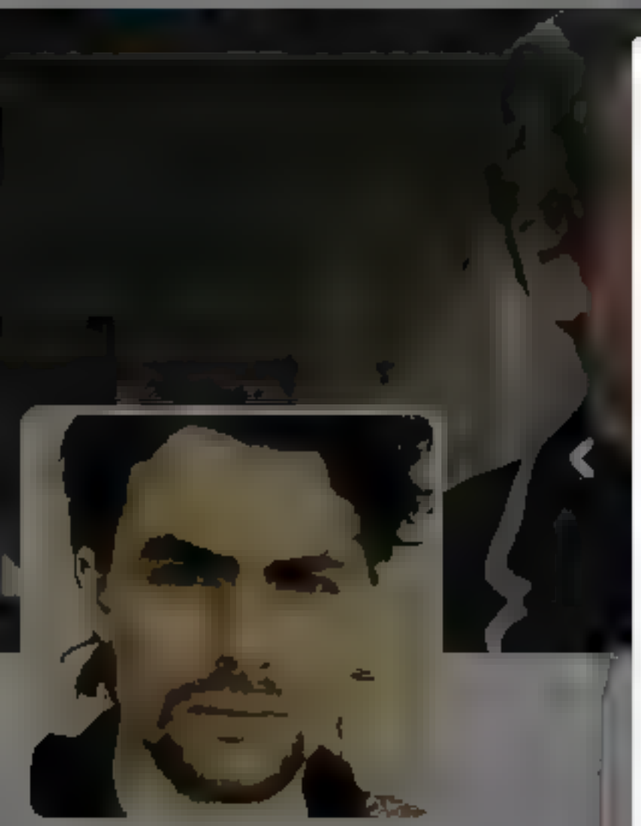
We are entering the final phase of the election and this is an all-hands-on-deck full-spectrum push for digital disruption and dominance. We are facing a decentralized readerless emergent structure that can only be countered by our numbers with discipline and tactics. As such, these will be the scripts for Week 0 through Week 3 to the vote.

REDDIT

Smart but paranoid

Reddit is an important clearinghouse for Trump-momentum and intellectual capital. We must maintain dominance on promote/demotion of stories and isolation of Trump-positive threads. We are working to compromise moderators to improve our ability but will 'operationalize' them in the final week of the campaign to try to make the board 'go dark'.



Reddit is more intellectually rigorous than the chans and has fewer low-social-capital 'loser' members - including many far-right non-American posters. We should be careful not to trigger moderator red-lines.

Prescribed disruption vectors

Technique	Emotional Valence	Message
Poll-flogging	Rage	Barrage with high-frequency recent polls. If countered with pro-Trump polls counter with friendly 538's aver ages. Avoid Brexit arguments. Purge is hooked move to swing-states. If PA and declare election over. See Poll-Elasticity folder for further statistics.
Concern Trolling	Despair	[illegible] The con [illegible] has been without proc [illegible] opinion w [illegible]
Concern Trolling	Despair	Trump should have prepared for the 'Liberal Media' and the nation is upset that 'We should have seen this coming'
Disinformation	Fear	SJWs will [illegible] posters and get them fired with claims of racism. 3-5 for emphasis. Provide evidence with sock-account.

We removed the post below because it doesn't follow the Facebook Community Standards:

Robbie Travers
Black Lives Matter most likely began with decent intentions to challenge anti-black racism. As it grew, it has become itself a supremacist organisation promoting violence against the police, dehumanising white people, talking of them as Hitler would talk of Jews, branding all white people racist and even cultureless. Now, it viciously promotes prejudice against Jews, Israelis and undermines the LGBT. It may be unfashionable, but time this group was told to frankly campaign for racial equality, not supremacy, or pack it in

If the NYT story is correct about huge premium increases- and I believe it is HRC does not want to be in the position of defending ObamaCare during huge premium increases wh e Bernie Sanders correctly in my view pushes sing e payer and s benefits

n Congress and nat onal y go be tarte as they should and wil about insurer abuse wh e Republicans charge not unjustly if 't happens that ObamaCare caused these premium increases

Premium increases are so politically deadly because they affect so many people so deeply and so v sib y re them HRC should IMO speak out y, c early aggressively and quickly about this Brent

Trump got it right about Weiner's proximity to Hillary being a national security issue

Trump reacted to the news that Abedin is splitting from Anthony Weiner in a statement,"Huma is making a very wise decision I know Anthony Weiner well, and she will be far better off without him. I only worry for the country in that Hillary Clinton was careless and negligent in allowing Weiner to have such close proximity to highly classified information. Who knows what he learned and who he told? It's just another example of Hillary Clinton's bad judgment It is possible that our country and its security have been greatly compromised by this."

LOL. Clinton campaign blames #[illegible] scandal on Vladimir Putin.

#SpiritCooking Um, what? The top trend on Twitter on Friday morning relates to an alleged email released by WikiLeaks. The alleged email to Clinton campaign chairman John Podesta mentions a spirit cooking dinner. **WikiLeaks tweeted** that this involves "blood, sperm and breastmilk." Spirit cooking refers to performance artist Marina Abramovic's "cookbook" of **recipes** to cook up thoughts, not meals. However, some on Twitter are taking it to the extreme and accusing the former secretary of state of devil worship. "This is not the first or last time that WikiLeaks has tweeted propaganda while doing Putin's bidding," a Clinton campaign representative wrote in an email. CNET cannot independently verify the information in the alleged email, and it's be entirely possible that someone altered the email before it was publicly released.

Sack of shit Michael Moore wants to "form an opposition movement" controlled by billionaire elitist George Soros' MoveOn.

Michael Moore
hrs

Day Two's To-Do List
1. Must quickly and decisively form an opposition movement the likes of which hasn't been seen since the 1960s. I will do my part to help lead this as I'm sure many others (Bernie, Elizabeth Warren, MoveOn, the hip-hop community, DFA, etc. will too). The core of this opposition force will be fueled by young people who, as with Occupy Wall Street and Black Lives Matter, don't tolerate bs, and are relentless in their resistance to authority. They have no interest in compromising with racists and misogynists.

2. Prepare to impeach Trump. Just as the Republicans were already planning to do with President Hillary from Day One, we must organize the apparatus that will bring charges against him when he violates his oath and breaks the law, and then we must remove him from office.

3. Must commit right now to a vigorous fight (including civil disobedience if necessary) which will block any and all Donald Trump Supreme Court nominees who do not meet our approval. We demand the Democrats in the Senate aggressively filibuster any nominees who support Citizens United or who oppose the rights of women, immigrants and the poor. This is non-negotiable.

4. Demand the DNC apologize to Bernie Sanders for trying to fix the primaries against him, for spinning the press to ignore his historic campaign, for giving Clinton the questions in advance at the first debate, for its blatent ageism and anti-Semitism in trying to turn voters against him because of his age or religious beliefs, and for its anti-democracy system of "superdelegates" who are elected by no one. We all know now had Bernie been given a fair shot, he probably would have been the nominee and he, as the true outsider and "change" candidate, would have inspired and fired up the base and soundly defeated Donald Trump. If no apology is soon forthcoming from the DNC, that's ok, when we take over the Democratic Party, see yesterday's To-Do List #1, we will issue the apology in person.

To all my friends that live in red voting states. You have 2 months to move After that, if you don't do not consider us friends. I want you dead. I want your families dead. I want your wives, husbands children and grandchildren dead Not just dead but horrible painful deaths. Torturous cancers - bone, brain. Burning alive in a fire. Drownings. Wives and daughters or should I say your cunts as you republicans like to call them should be brutally raped first All before you have your own agonizing death. If you live in a blue state but i know you supported lucifer I want the same for you but you don't get the grace period.

To the rest of the people in red states I hope the land runs red with your families blood. I will cheer at every natural disaster that takes you out. The higher the death toll the better. Every infant or toddler found floating face down after a flood is a victory for me. Every twisted body found in the rubble of your home after a tornado is like a cherry on an ice cream sundae Every school shooting will be joyous news for me

I will no longer support or buy American - Canadian, Mexican, European and China made products are better anyway.

I will not support our troops. Every dead service man is a

Remember, the 'Bill Clinton is a rapist' meme alone is MATCHING all the Trump allegations in terms of social media traffic. They're worried

> The ongoing rape stunts have electrified many Trump supporters and conservative media consumers enough to compete with the interest generated from the latest misogynistic bombshell consuming the Republican nominee. Clinton's rape accusations have been mentioned over 872,000 times on Twitter in the 3 days since Jones announced his boundary-avocado analysis found. By contrast, social media users shared the hashtag #TrumpTapes some 975,000 times in the days since a leaked NBC tape revealed Trump talking about grabbing women "by the pussy."

Business conference draws bigwigs

By Tim Epperson
San Joaquin News Service

Bakersfield — Three former presidents picknicked with 10,000 Californians on Saturday, trading visions of America's future with some of the nation's top business leaders and comedians.

All gathered in a huge tent which covered the soccer field at California State University Bakersfield for the 9th annual Bakersfield Business and Finance Conference.

Former President George Bush and first lady Barbara Bush lifted a crowd of at least 10,000 to its feet, in addition to a myriad of celebrities such as businessmen T Boone Pickens, Donald Trump, Lee Iacocca, New York Gov. Mario Cuomo and former U.S. Housing and Urban Development Secretary Jack Kemp.

The North American Free Trade agreement proved to be a hot topic. Trump, who apparently spoke ardently against the plan, said it would only benefit Mexico.

Speakers such as Gerald Ford, Bush and Kemp agreed with former Chrysler chief Iacocca that the agreement would improve lifestyles in Mexico, greatly reducing illegal immigration into the United States.

"Our future lies south of the border," Bush said. "NAFTA is bigger than jobs, it's bigger than trade, it's vital to U.S. growth."

A handful of NAFTA opponents made their opinions known by pacing up and down Stockdale Highway, which runs in front of the CSUB campus, with placecards so

let the people solve their problems.

Carter then turned his comments to domestic affairs and the conference attendees.

"The greatest discrimination on earth is not racial nor religious," he told the crowd. "It's discrimination by the rich against the poor it's not deliberate, it's created by unawareness."

Carter encouraged all in attendance to help overcome this discrimination.

Ford maneuvered through several jokes about his golfing abilities, then turned his comments to the fall of communism.

The United States should offer help to Moscow, but "there should be no blank checks for ex-Communist bosses," he said.

U.S. troops should only be involved in international conflicts if American national security, social structure or military are at stake, he said.

Troops do not belong in Somalia or Haiti, where the problems are

On Twitter, the younger Flynn frequently re-tweets Paul Watson, editor for the conspiracy website nfoWars, sometimes using the hashtag "#nfowars" himself. His Facebook and Twitter picture are him in an infoWars t-shirt. In one tweet, Flynn retweeted Watson sharing a video of a woman crying saying "I need an ambulance" because Trump was elected. New CIA Director Pompeo might even have the balls to say "Islam c terror sm".

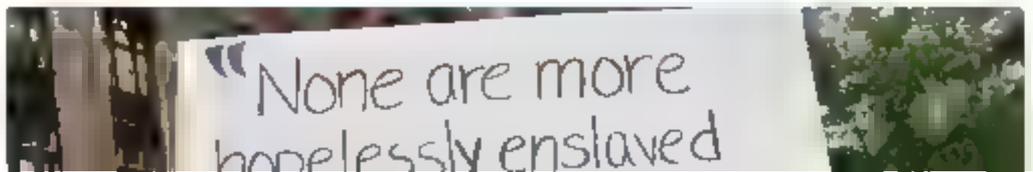
The left is l tera ly shak ng right now.

Pompeo has made some controversial statements about Muslims. Weeks after the Boston marathon bombing in 2013, in a speech on the House floor, he not only accused Islamic faith leaders of not doing enough to condemn terrorist attacks, but also suggested they might be encouraging them.



"When the most devastating terrorist attacks on America in the last 20 years come overwhelmingly from people of a single faith, and are performed in the name of that faith, a special obligation falls on those that are the leaders of that faith," Pompeo said. "Instead of responding, silence has made these Islamic leaders across America potentially complicit in these acts and more importantly still, in those that may well follow."

The left's obsession w th identity politics is respons b e for the r gnt s obsess on with pol t cal correctness.

> Finally the white.ash thesis s convenient because it absolves liberals of not recognizing how .heir own obsession with diversity has encouraged white. rura.. religious Americans to think of themselves as a disadvantaged group whose identity is being threatened or ignored. Such people are not actua.y reacting against the reality of our diverse America (they tend, after al., to live in homogeneous areas of the country.) But they are reacting against the omnipresen. rhetoric of identity, which is what they mean by "po.itica. correctness." Libera s should bear in mind that the first identity movement .n American po.itics was the Ku Klux Klan, which still exists. Those who play the identity game should be prepared to lose .t.

Donald Trump is going to gas disabled people.

I don't feel safe right now. Right now is not a good time to discuss that. Hitler's first targets were the disabled - he removed them from their families, tortured them, and ultimately gassed them - FIRST, before Jews, before Gays, before Romanis. Perhaps it's not something a person with able privilege can grasp. IMO we just elected Orange Hitler.

The New Right vs the Alt Right.

Paul Joseph Watson

There are two 'Alt-Rights'.

One is more accurately described as the New Right. These people like to wear MAGA hats, create memes & have fun

They include whites, blacks, Asians, latinos, gays and everyone else. These are the people who helped Trump win the election

The other faction likes to fester in dark corners of sub-reddits and obsess about Jews, racial superiority and Adolf Hitler

This is a tiny fringe minority. They had no impact on the election

Guess which faction the media is giving all the attention to?

Paul Joseph Watson

The latter faction are incredibly obsessed with identity politics. They are basically right wing SJWs

Entire thing s as exact copy of BREX T. Fake hate crimes. media faux outrage. fake regret voters, over-reporting on hate cr mes when they are exactly the same as usual. A week ago media in US was parading massive rise in hate crimes which averaged to about 300 of them a year for 300m people. Clearly an epidemic, right?

Next stage will be punishment from the globalists and the banksters. Slow down the economy as much as they can and blame it ALL on BREXIT. Trump. Final piece is cancelling BREXIT. not sure how that will be done in America.

Alicia Machado has sex. . on tape, and the NY Times says its "fact checkers" found no sex tape.

Th s is why no one trusts the med a

"Fact-checkers have found no evidence that Ms. Machado, who was featured n P ayboy appeared in a sex tape. Her crit cs may be referring to a r squé scene that she appeared n on a reality television show," reported the New York T mes, running defense for Hillary.

Except that's patently not true.

Machado was seen having sex .. on tape n what universe is that not a sex tape?

She romped on camera with Fernando Acaso on a Span sh reality TV show cal ed *The Farm* wh le being engaged to someone else at the time.

The Times' description of the incident as a "risqué scene" s a complete euphemism.

Listen to what Machado was recorded on tape saying during the encounter.

"Oh your d*** my love. what a tasty d***! Your d*** s divine."

Does that sound "risqué" to you, or does it sound ike what you d hear on a sex tape?
